Keywords: Chirchik State Pedagogical University, humanities, teacher-innovator, school-laboratory, innovative cluster of teacher education.

Introduction

Decree of the Cabinet of Ministers of the Republic of Uzbekistan dated March 28, 2019 No. 258 “On measures to improve the activities of the Chirchig State Pedagogical Institute of the Tashkent Region”, as well as the Chirchig State Pedagogical Institute of the Tashkent Region, the Department of Public Education of the Tashkent Region and ensuring the fulfillment of the tasks stipulated by the joint order of the Department of Preschool education in the Tashkent region, increasing the efficiency of training teachers, strengthening the process of mutual integration between types of education on some points of the national program, higher education and in order to further strengthen cooperation between the teaching staff of institutions of general secondary education in scientific, scientific and methodological, educational and educational work, ensuring unity and continuity between them by the Department of Social Sciences in 2019 - From the 2020 academic year, the 21st and 5th secondary schools of the Chirchik department School of Public Education and the Bostonlick District The work "School-Laboratory" was organized jointly with Vocational School No. 2.

Also, by order of the rector of the institute No. 01-180 dated July 5, 2021, the “Scientific and Practical Center for Pedagogical Science” was basically created. Within the framework of

Web-site <http://savanticjournals.uz/>

the above Research Center and the Innovative Cluster of Pedagogical Education, the following activities have been carried out over the past six months:

On November 11, 2021, in order to provide methodological support to teachers of secondary schools in the quality teaching of the science "Education", teachers of "Pedagogical Sciences", legal and historical sciences of secondary schools in the city of Chirchik, a humanitarian seminar-training was organized at the faculty. In this training seminar, the problems of teachers in teaching subjects were identified, and as a practical assistance, it was decided to hold a training seminar once a month and prepare methodological manuals for teaching "Pedagogical Science". Also, to send school teachers to scientific activities and provide practical assistance in the preparation of scientific articles, professors and teachers of the Department of National Idea, Spiritual Foundations and Legal Education were attached. Methodological works are being prepared on the basis of pedagogical technologies under the authorship of professors and teachers in order to systematically prepare students for problem situations of class management.

Research Center of History Educational laboratory of history. The educational laboratory "Methods of teaching history" and "History" at the Department of History of the Faculty of Humanities, building 6 ChDPU, to improve the content and quality of education of students in the direction of "History", to use modern new pedagogical technology innovations in the educational process, organized in order to train competitive personnel with high knowledge and skills, launching scientific and practical classes based on the innovative cluster of teacher education.

In the educational laboratory, educational and practical classes are held on the basis of exhibitions related to all areas of history.

The educational laboratory has the following departments:

1. Department of museology - in this department the history of museums, their tasks, decrees, decisions and statistical data on the reforms carried out in the field of museology in our country, museums, museum departments, funds, literature on museology in Uzbekistan, issues of organizing the work of the museum are touched upon. The department houses exhibits and exhibitions related to each historical period. In addition, the department contains equipment and photographs related to the process of restoration of the exhibits.

In particular, exhibits are stored in a sheep.

In addition, the Faculty has a Legal Clinic. Chirchik State Pedagogical University of Tashkent region The legal clinic was created to apply theoretical knowledge to students of the course "National idea, spiritual foundations and legal education" and provide impartial legal assistance to public and legal entities. It is known that today many citizens do not have the skills to apply to official state bodies and law enforcement agencies in the prescribed manner and

Web-site <http://savanticjournals.uz/>

form. Students of higher educational institutions study such information only on a theoretical basis. Filling these two gaps through the activities of the clinic, the goal is to help students develop practical skills in legal practice and increase the legal awareness and legal culture of the population. The legal clinic performs the following tasks: state and economic authorities, courts and law enforcement agencies.
